

## About Us

The Disaster Legal Support Program (DLSP) provides free legal help to communities at risk or impacted by disasters across South Australia. Our services include free legal advice, referrals and Community Legal Education (CLE) sessions.

## Bushfire Support

The DLSP is the evolution of the award-winning Bushfire Community Legal Program, which first commenced as a project in 2020 in response to the catastrophic 2019/2020 Black Summer Bushfires.

## Flood Support

In response to the 2022/23 Riverland floods, DLSP is now able to assist individuals and communities affected by floods. Local solicitors, including those based at Riverland Community Justice Centre, can help you understand your rights and provide support with legal issues related to insurance, housing, employment, and other areas.
